

## Top Tips for Trouble-Free Travel to World Youth Day 2016

### Looking after your stuff...

- Take care of your belongings and don't leave your bag unattended.
- Be aware of pickpockets – especially in crowded areas.
- Keep your passport safe. You won't be able to get home without it!

### Watch out for the weather...

- Be prepared for all weather conditions – Krakow can get very hot in the summer but heavy rain is also possible.
- Don't forget to pack your sun screen, an umbrella, water proof and warm weather clothing.

### Managing your money...

- Only carry around enough cash for the day. Consider having a money belt and avoid keeping credit cards and cash in the same place.
- Make sure you are able to use your credit/debit cards abroad. Check with your bank before you leave.

### Insurance: are you covered?

- Make sure you have appropriate travel insurance.
- Bring your European Health Insurance Card (EHIC) with you and check it has not expired.

### Staying healthy...

- Take enough of your prescribed medicine with you as pharmacies may be closed during events and may not recognize UK prescriptions.
- If you drink alcohol, drink responsibly and be aware that alcoholic drinks may be stronger in Poland than in the UK.

### Out and about...

- Try to travel in groups or in pairs while attending large events or at night. If heading out alone, make sure someone knows your plans.
- Make sure you have your WYD registration ID with you at all times and keep details of where you are staying at hand.
